

Ontario is Investing in Building and Upgrading Schools

October 30, 2020

[Education](#)

The Ontario government is investing \$550 million to build 20 new schools and add permanent additions to eight existing facilities across the province. This funding is provided through the Capital Priorities Program. These infrastructure projects will lead to the creation of nearly 16,000 new student learning spaces and 870 new licensed child care spaces.

To find out more about projects across Ontario, visit the [Ontario Builds map](#).

The new projects are:

Location	School board	Project name	Project type
