

TVO Learn is an effective, free way for students, caregivers and educators to explore learning that aligns with the Ontario curriculum, from Kindergarten to Grade 12. Discover thousands of opportunities to support learning in a safe online environment.

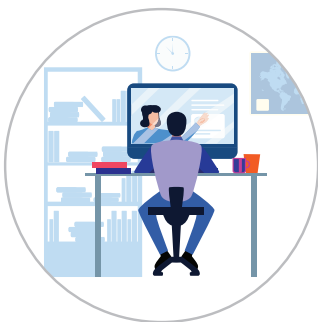

Thousands of ways to learn

Explore in-depth Learning Activities, relevant STEM games from TVO Learn mPower, 1:1 math tutoring from TVO Learn Mathify, curriculum-linked videos from TVOkids, current affairs, documentaries and podcasts from TVO Today and more. Great for in-class learning or as stand-alone resources.

Educator-developed resources

Everything on TVOLearn.com is curated or created by Ontario educators to ensure students make the most of every opportunity to explore learning that aligns with the Ontario curriculum, from Kindergarten to Grade 12.

Learn anywhere, anytime

Seamlessly connect at school learning with learning at home or on the go. TVOLearn.com resources support individual learning routines, making it easy to meet students where they are in their skills and development.
